MEMORANDUM FOR: Chief, Executive & Planning Staff

FROM:

[REDACTED]

Chief, Operations Group

SUBJECT: Reserve Release Action Plan

REFERENCE: Your 5 March memo, same subject

1. Herewith Operations Group's contribution (Attachment A) to action plan for the reserve release. As you will note, we have realigned the priorities in some cases and added some benchmarks to include necessary surveys, TDY's, etc.

2. All of Operations Group's overseas projects are contingent on approvals from the Department of State and/or host government. Obtaining support and cooperation of the Department will be the first step. To this end, we enclose a draft of a letter (Attachment B) from the DDCI to the Under Secretary for Political Affairs outlining our requirements and soliciting his assistance in getting the necessary approvals to expand our overseas operations.
